

Nurturing the Families of the Greater Bangor Area through the Nurturing Father's Program

The Nurturing Father's Program supports dads in embracing and understanding their role as a nurturing father. A *nurturing father* is a dad who actively provides guidance, love, and support to enhance the development and growth of his child(ren). The entire family benefits from a nurturing dad!

The 13-week program enhances and supports healthy relationships between fathers and their children. It's designed for fathers of children ages birth to five years of age. Children are welcome to attend with their dads and a light dinner will be provided at each session. Participants benefit from the support of other dads and focused time with their own child.
